🎓 EDUCATION

B. Tech, Vilasrao Deshmukh Foundation Group of Institutions School of Engineering & Technology I am currently in my 6th sem and my CGPA is 7.61	2021 – 2025 Latur, India
HSC, Shamgir Kanishta Mahavidyalaya, Shivani Percentage - 82.17%	2019 – 2021 Latur, India
SSC, Parimal Madhyamik Vidyalaya Percentage - 86.16%	2019 Latur, India

🧠 SKILLS

Languages: C, C++, HTML, CSS, JavaScript, SQL

Frameworks/Libraries: React.js, Node.js, Express.js, Tailwind CSS

Database: MongoDB, MySQL

Version Control Tools & IDE: Git, Github and Visual Studio Code

Course Subject: Database and Management Systems, Object-Oriented Programming, Operating Systems, Computer Networks, Data Structures, and Algorithms

📁 SELECTED PROJECTS

Chat Bee - Chat Application ✍

- The application allows users to communicate in real-time through text messages, supporting multiple chat rooms.
- Implemented user authentication and authorization using JWT tokens, allowing users to log in and access their chat rooms securely.
- Integrated Socket.IO for real-time bidirectional communication, ensuring instant message delivery and updates.
- **Tech stack used: React.js, Node.js, Express.js, MongoDB**

Netlink - Social Media App ✍

- Post Interaction Development: Engineered interactive features allowing users to create, like, and engage with posts, fostering a vibrant social ecosystem.
- User Connectivity Enhancement: Deployed functionalities enabling users to follow each other, explore profiles, and actively engage with diverse content.
- Profile Management Implementation: Developed robust profile management features, facilitating profile search, editing, and personalization through customizable profile pictures.
- Authentication Integration: Utilized advanced authentication mechanisms to safeguard user data and interactions, ensuring stringent privacy and data integrity standards.
- Responsive Web Design Implementation: Implementing responsive design principles to ensure seamless user experience across various devices, optimizing accessibility and engagement.
- Tech Stack Proficiency: Demonstrated expertise in utilizing Node.js, Express.js, MongoDB, EJS, and Tailwind CSS to build scalable social networking platforms.

Personal Portfolio ✍

- Developed a personal portfolio website using React.js for frontend development and Tailwind CSS for styling.
- Ensured responsiveness across various devices and browsers.
- **Tech stack used: React.js, Tailwind CSS**

🏆 ACHIEVEMENTS & EXTRA-CURRICULAR ACTIVITIES

- **200+** DSA problems solved at Code Studio.
- Completed #100DaysOfCodeChallenge.
- Runner up in university-level Chess competition.
- Runner up in university-level Kho-Kho competition along with the team.
